

CDL APPLICATION TRACKER

A free one-page tool from Vigilance Recruitment.
Every carrier, every offer, every callback. One page, no lost leads.

How to use the tracker

Fill in one row the day you apply, and update it every time anything changes. When three recruiters call in one afternoon, this page is your memory, and offers written side by side are easy to compare.

Pay Offered: write the full picture, not just cents per mile. Note CPM, any guaranteed weekly minimum, and average weekly pay if they quote one.

Home Time: write the promise in their words: weekends, every 2 weeks, 34 hours at home.

Status: Applied, Recruiter Call, Interview, Offer, Orientation Set, Passed, Hired.

Next Step: always a dated action, so nothing waits on a memory.

Carrier	Contact	Date Applied	Pay Offered	Home Time	Status	Next Step

Want the rest of the system?

This tracker is one page of the **CDL Driver Job Hunt Kit**: a fill-in CDL resume template, interview prep, pay negotiation scripts for recruiter calls, and a carrier red-flag checklist for lease deals and contracts. Find it on the Driver Resources page at **vigilancerecruitment.com**.

And when you are ready, join the Vigilance candidate pool on the same page. It is free, drivers never pay us anything, and we present you to employers only with your written consent. Employers pay our fee only when they hire.

Our No-Spam Promise: we only contact you in reply to you, we never alert you about jobs unless you opt in, and we never sell your information to anyone. Ever. Our word is our bond.
