We recruit CDL drivers, electricians, welders, mechanics, maintenance technicians, HVAC and other skilled trades, plus professional, technical, and healthcare roles - across Texas and nationwide.

Employers: our fee is 10% of first-year salary, due on the start date. You don't pay a thing unless you hire.

Get hired through Vigilance into a role paying over $40,000 a year and stay 12 months with the same employer, and Vigilance pays you a $1,000 bonus.

We only contact you in reply to you. Your information is never sold or shared. Our word is our bond.
